CESifo Economic Studies

With the increasing specialisation in the profession, there is an urgent need for building bridges between different areas in economics. The economic research papers published in academic journals are becoming increasingly less accessible to those not working in the same field. *CESifo Economic Studies* bridges the gap between specialised research in economics and the interest of non-specialists. The journal combines theory and empirical research with a strong emphasis on policy issues. *CESifo Economic Studies* published contributed papers by top-level academic economists which are written in a style accessible to all economists regardless of their specialisation. The primary focus of the journal is on policy problems, but it also publishes high-quality, non-technical articles which are of general interest to economists.

The editors and associate editors of *CESifo Economic Studies* who will be responsible for the refereeing process are members of the CESifo Network. The editors are:
Gerhard Illing, Ludwig-Maximilians-Universität
Rick van der Ploeg, European University Institute
Efraim Sadka, Tel-Aviv University
David Wildasin, University of Kentucky

Abstracted and Indexed in Social Sciences Citation Index, Social Scisearch, Current Contents/Social and Behavioural Sciences, EconLit, Journal of Economic Literature, Scopus and Geobase.
